

Butter Boss™

Care & Feeding Guide

'Butter-Dish 2.0'

Use your Butter Boss like a butter dish. It's a great companion to your Salt & Pepper on the table during meal-time!

Keep your Butter Boss in the fridge like a regular butter dish...**When cold, turn the knob back and forth once or twice to loosen.*

Heat-Resistant

The Butter Boss is 'Heat-Resistant.'
It is NOT 'Heat-Proof!'

Some flaring of the open end is normal, but avoid direct material contact with very hot surfaces to prevent excessive warping.

Assembly

The Measuring Cap of the Butter Boss is a tight fit...*Press on the side to Cap it easily.*

Unscrew the parts and pop-off the knob for cleaning!

Loading a stick of Butter:

Step 1.

Start with the 'Butter Bracket' positioned near the opening so that the 'Butter Screw' points out a bit to form a sharp cone shape...

Step 2.

Carefully press the stick of butter so that the 'Butter Bracket' penetrates lightly...*You can do step 2 and 3 Together!*

Hint:

Allow your Butter stick to warm outside the refrigerator for 5-10 min.

Step 3.

Use the Patented 'Butter-Finger Knob' to screw the Butter Boss onto the stick of Butter...

Grip the Butter Boss with one hand.

Insert the tip of your other index finger into the 'Butter-Finger Knob'.

Apply light downward pressure and quickly turn the Knob *COUNTER-CLOCKWISE* until the Butter is contained. **By default, some portion of the stick will extend past the opening once loaded...*
